Dear Mr. Boccia:

I would like to take a moment to commend your firm for the outstanding way that you serviced all of our referrals this past year. Due to the nature of our work, all of the problems that we are referred to by clients are typically long standing issues with complex cures and your firm has been able to meet and exceed our expectations. For this we are grateful.

Based on the past performance of Boccia Brothers we look forward to many years of working with and referring your firm.

Dear Joe,

When I contacted you this summer, regarding repairs to the front porch of my father's home in Valley Stream, I acquired your phone number via a yellow pages advertisement. At that time, I did not know that your company did the original work on my father's house, forty-one years ago.

Later, as I was looking through my father's documents, I came across the original contract made between our parents. When you arrived at my home I showed it to you. I know that you were as surprised as I to see it. As promised, I am forwarding you a copy of the contract. I am sorry it has taken me so long to get this to you.

Sincerely,

Donna Tafuri. Ph.D.

Overall Excellent

Our basement walls were always damp. Even with a dehumidifier we couldn't anything down there for storage. We looked for waterproofing companies on long island and chose Boccia because they've been in the business for over 50 years. And I was so surprised that the quote they gave us was accurate! We were able to affordably waterproof our basement and they finished the job quickly, neatly, and now we can use our basement again! THANK YOU!!!!!!

Overall Excellent

IF I COULD RATE BOCCIA BROTHERS WITH 10 STARS, I WOULD!!! I had water in my basement every time it rained. The chore and stress of this is, by far, one of the top homeowner's nightmares. I called Boccia Brothers, who not only assessed the problem with reason but SOLVED it!!! And since then, on ANY given rainy and stormy day, not one ounce of water has ever crept in my basement. Professional, able, organized, neat, reliable are all words that describe this company. I recommend them HIGHLY!!!

Overall Excellent

Crawl space miracle workers! I purchased a home near the water and my inspector recommended we water proof the basement as it was very very damp. Boccia Bros came in and waterproofed it, NO MORE dampness. Our crawl space is now perfect and we have actually been able to use it for storage. Highly recommended!

A Google User reviewed a year ago

Overall Excellent

Our crawl space was found to have significant moisture damage. The joists were compromised, the wet insulation had to be removed and the entire 1000 sq ft crawl space had to be waterproofed. We hired Boccia to fix the problem. They did an absolutely fabulous job. The price, for the work done, was very fair. The quality of the work was excellent. The people who worked in my 3 1/2 foot high crawl space were neat, courteous and took great pride in their work. The project took about 3-4 weeks to complete. The results transformed my crawl space from a very bad situation into a model for crawl spaces in Island Park. Boccia is just a terrific company. I would certainly be happy to serve as a reference for future potential customers.

*The positive feedback comes in everyday... Literally thousands of positive letters...*

“I want to thank you for the wonderful job done by your firm at our home in early September, 2000. The efficiency displayed in orchestrating such a messy job in a manner which caused little or no inconvenience at all, left me and Vicki enormously impressed. And...the best part is that there were some flash flood events in our area, shortly after this job was done, and we were dry as a bone! Vinny, you’ve streamlined a job, that I would guess, when done by a lesser firm would have taken days longer, and left the homeowner with a major cleanup. We are really impressed!” **Warren Cronacher - Tauscher Cronacher Engineers, Rockville Centre**

“Over the years Boccia has maintained a high profile in this community, we would not think of contacting any other company for our problem. We have owned our property since 1962, the catch word has always been “if you have a problem in the basement from water-call Boccia” Your workers were excellent, thanks for everything.” **H. Cohen, New Hyde Park**

“On Behalf of the board of directors, staff members, and myself I would like to thank you very much for completing the resurfacing of our building in time for our 30<sup>th</sup> Anniversary Open House. The job was done not only timely, but exceptionally. We are very proud to show off our new “face” to our guests. The crew were very professional and take their craft seriously. Should you need us as a reference we would be glad to do so. **B. Bartell, Central Nassau Guidance**

“I decided to use Boccia because of their reputation. The fact that there was an engineer and very experienced partners gave me confidence. Boccia solved our nightmare water situation, they were great to work with and always responsive. Would use them again without question.” **C. Sawyer, Manhasset**

“I received a call from the Franklin Square Library requesting a reference about our working relationship. I of course raved about your professionalism, skills, dependability, and commitment to service excellence. I told them that Boccia always responds immediately to questions or concerns expressed after a project has been completed.” **A. Sama, Queens Library**

“Thanks so much for doing such a wonderful job on our stoop. It looks beautiful. We’ve gotten so many compliments on it. Mauricio was a pleasure to work with and Tony was amazing. He was very professional, responsive to our questions, and an excellent bricklayer and stone cutter. Thanks for a great experience! **C. Caprioglio, Flushing**

“We are pleased with the work you have done, you were always considerate and tidy. Nothing was disrupted in our landscaping. Mauricio was amazing, you are lucky to have him. I will recommend your company to my friends and anyone who inquires” **M. Jacobs, Merrick**

“The guys who actually did the work were some of the nicest, courteous and hardworking bunch. You have a great bunch of people working for you. Great Job!! “  
**R. Dellamorte, West Islip**

**“Memo to all agents:** I wouldn’t hesitate to recommend Boccia for basement waterproofing. They were courteous, efficient, reliable, and neat. They knew what they were doing, and they were less expensive, (and more thorough in their approach) than other local waterproofers from whom I had obtained an estimate.”  
**First Choice Real Estate, Inc., Fresh Meadows, NY**

“My wife and I were extremely pleased with the quality of the work, as well as the professional manner in which it was handled.”  
**Mr. Pidherny, Manhasset, NY**

“Personnel are courteous and not intimidating. All the people from the company I spoke to have a good human and professional attitude.”  
**M. Jacala, Flushing, NY**

“In our experience it is refreshing to have a contractor have the estimator come to explain to the workers what needs to be done and that there were no surprises from the workers in saying they didn’t have the materials. Also you were competitively priced. “  
**A. Amato, Bayside, NY**

*Thank you, for taking the time!*
